Product model	Appearance color	Structure
FZ518-DZ/L	Silver	1. Concealed installation
FZ518-NZ/L	Black	2. Opening structure
		3. Modularization functional part assembly
		4. Safe earthing of metal panel

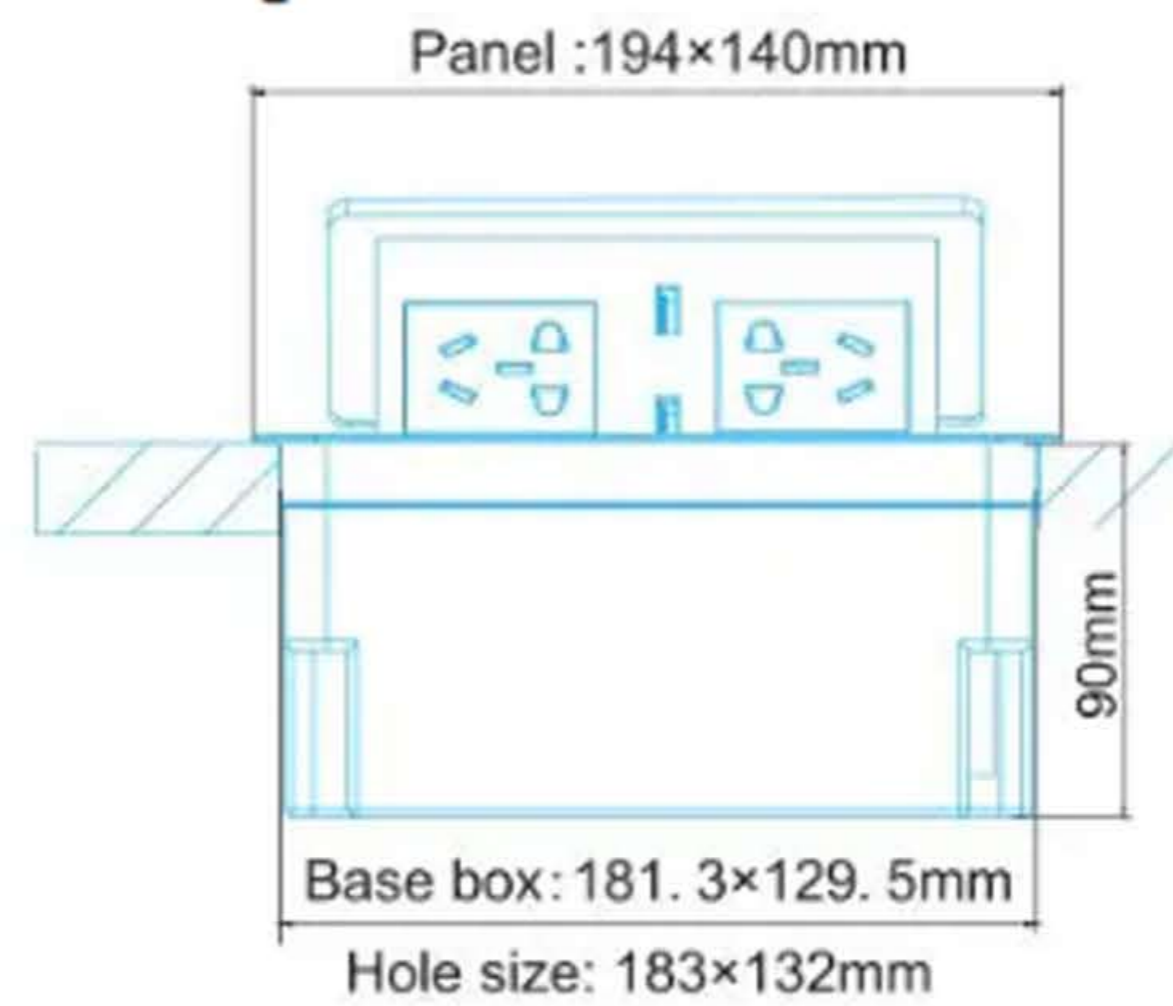

Basic parameter:

- * Strong current: 10A 250V~
- * USB charge output: 5V-2.4A
- * Panel size: 194x140mm/2.5mm Base box size: 181.3x129.5x120mm
Hole size:(182-185)x(130-133)mm
- * Functional part configuration: 4-bit 128 type+2-bit USB

Main material:

- * Panel : High-quality aluminum alloy
- * Plastic part: high-quality engineering plastic PC
- * Socket conductive part : phosphor copper
