

**STS-250 W**

■ **INTEGRATED FLIP-UP DESK  
OUTLET**

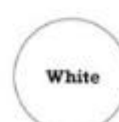

## ■ Color's

**DA-ST5-250B**

**DA-ST5-250W**

## ■ Key Features :

### ***Sleek, contemporary appearance :***

*The combination of the sleek aluminum profile and rounded corners gives the design a clean and neat appearance, and the shape makes it the perfect workstation outlet for all your home or office needs .*

### **Cable pass-through with brush seal :**

Equipped with brush seal which allows cables to pass through the unit whilst in the closed position and prevents dust infiltration .

### ***Flip-up design for better outlet access :***

*The cover panel easily flip opens providing better access to multiple outlets when you need them without having to rely on messy-looking extension strips, creating more functional and organized desk .*

### **Quick and easy installation :**

*The unit can be installed into any desktop surface with thickness range of 15-40mm by simply sliding up the mounting clips to the under side of a desk, making installation quick and easy .*

## ■ Installation Steps :

Make a rectangular cutout (Size:235mm\*147mm) on your desk or table surface.

Feed power cord through the cutout until the full length of cable has passed through. Mount the unit into the cutout and be sure it is fully leveled onto the surface.

When in place, fix and slide up the mounting clips on both side until the unit is secured to the desk

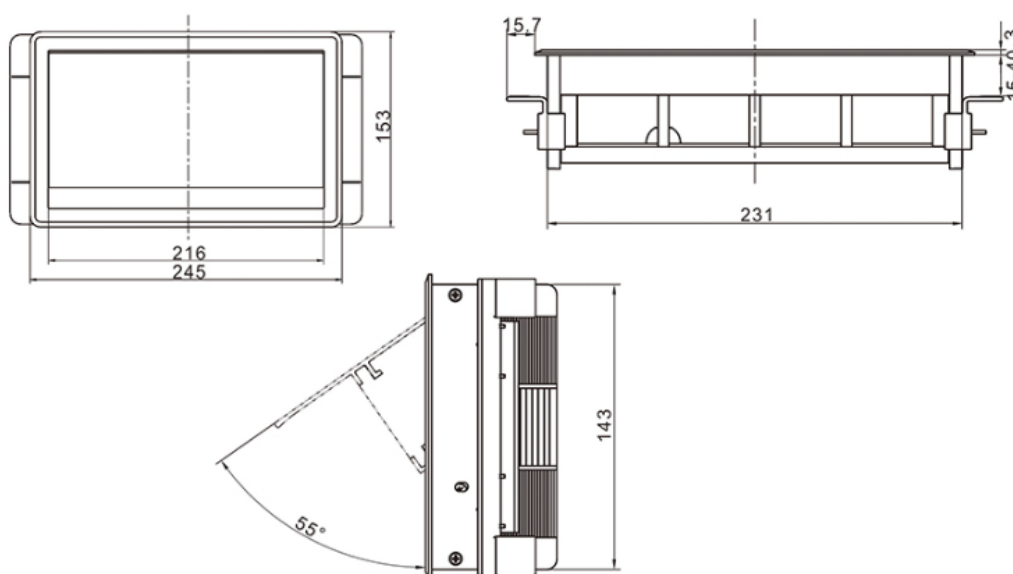

Plug in the power cord into an applicable power outlet and the unit is ready to use
