■ Overview :

■ Key Features :

Sleek, contemporary appearance :

The combination of the sleek aluminum profile and rounded corners gives the design a clean and neat appearance, and the shape makes it the perfect workstation outlet for all your home or office needs .

Cable pass-through with brush seal :

Equipped with brush seal which allows cables to pass through the unit whilst in the closed position and prevents dust infiltration .

Flip-up cover design with self-damping and slow descent :

The flip-up cover with can be opened 90 , and When closing, it is damped and descends slowly. The cover panel easily flips opens providing better access to multiple outlets , creating a more functional and organized desk .

Two mounting methods are available :

The product can be mounted using either a mounting bracket for any material desk with a thickness between 10-60 mm, or by self-tapping screws for wooden desk, making it suitable for a variety of installation scenarios .

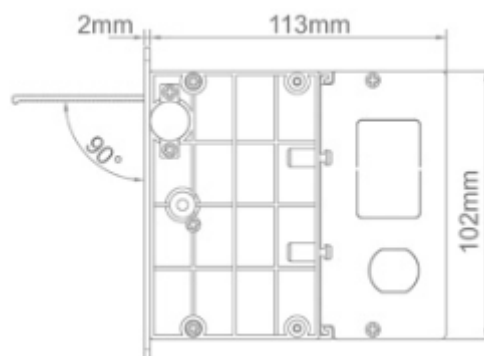

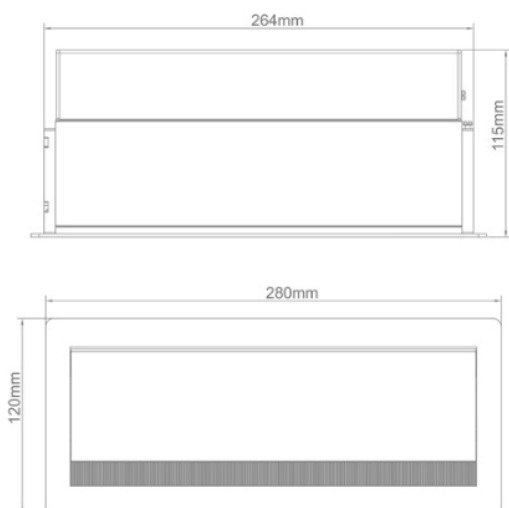

Technical Data Sheet

■ Specifications :
