DOUBLE.A

Co-working Spaces and Home Offices

■ Key Features :

Can be embedded in decorative materials :
The Top cover can be embedded with decorative materials according to your needs .

Cable pass-through with brush seal :
Equipped with brush seal which allows cables to pass through the uni whilst in the closed position and prevents dust infiltration .

Double-sided flip-up cover design with self-damping and slow descent :
The product features a double-sided flip-up cover, with each side opening up to 90 . When closing, the cover is damped and descends slowly. The panel flips open easily, providing better access to outlets from either side, creating a more functional and organized desk .

Two mounting methods are available :
The product can be mounted using either a mounting bracket for any material desk with a thickness between 10-60 mm, or by self-tapping screws for wooden desk, making it suitable for a variety of installation scenarios .
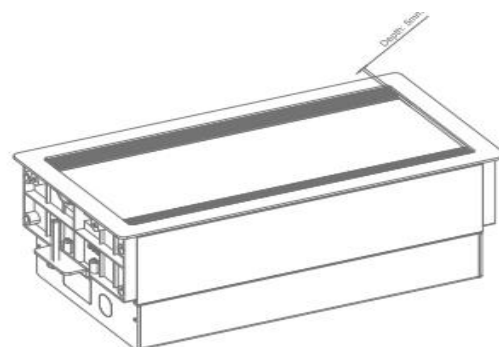

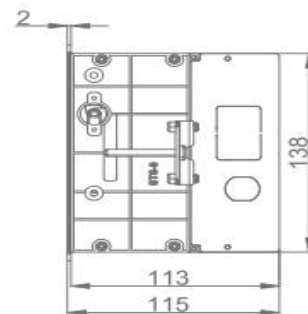

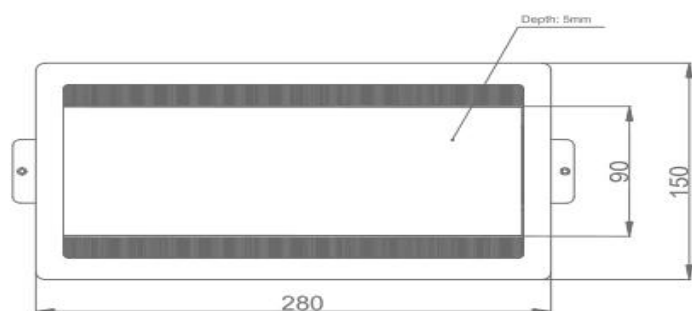

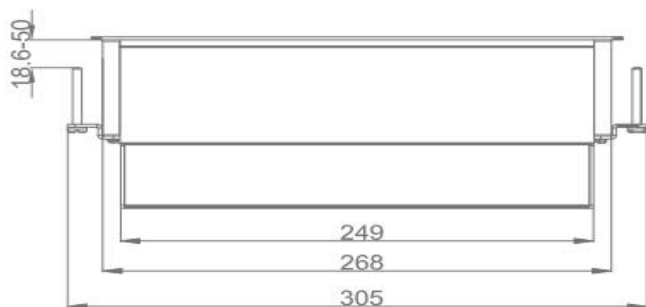

Technical Data Sheet

■ Specifications :
